APPLICATION INSTALLATION

STEP 1

Navigate to the App Store and search for the application «Cy-FIS»

STEP 2

Select the “GET” button

USER REGISTRATION

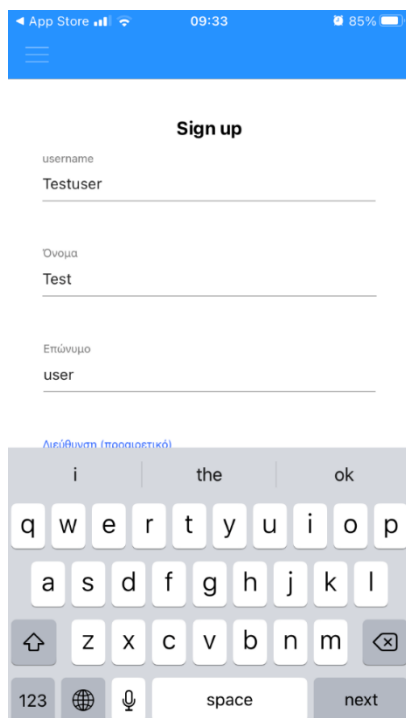

STEP 1

Users that do not have an account must register to the app. To do so, start the app and select “REGISTRATION”:

STEP 2

Fill out the form:

Note: Fill all the mandatory fields to register successfully

STEP 3

If you agree with the Terms and Conditions, select the appropriate option and select “REGISTRATION”:

Confirm Password

Password must contain minimum 8 characters
at least 1 Alphabet, 1 Capital, 1 Number and 1
Special Character (@#\$%^&+!)

TERMS AND CONDITIONS

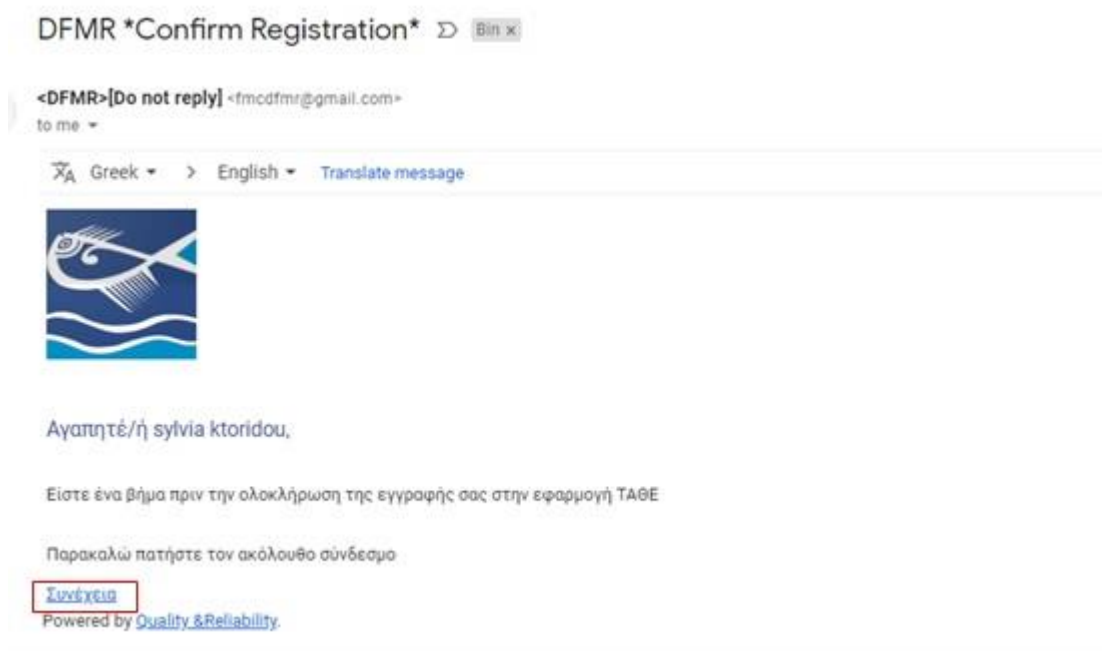

I have read and accept the
terms and conditions

REGISTRATION

STEP 4

The app will send a confirmation email to your registered email account. You must navigate to the email and select the confirmation link:

Note: If you cannot locate the email in your Inbox search for it in your Junk / Spam folder.

STEP 5

Start the application and insert your username and password. To enter the app, select the button «ENTRY»:

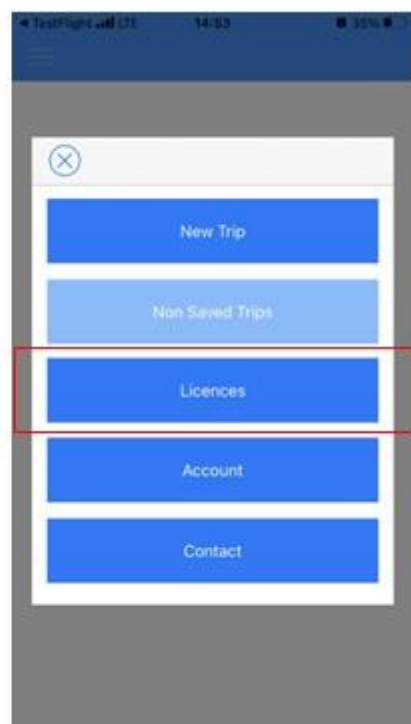

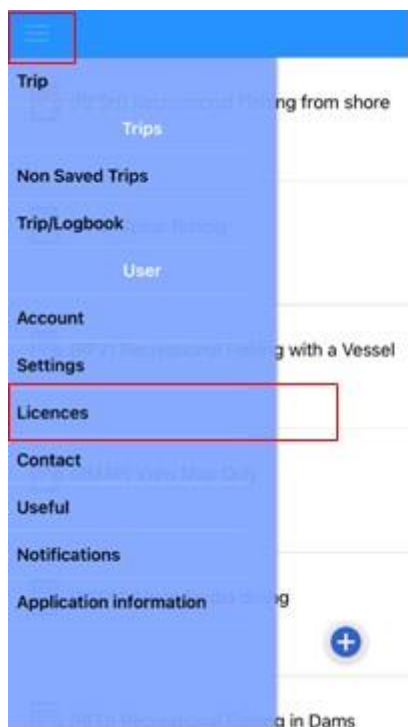

LICENSES

LICENSE REGISTRATION

STEP 1

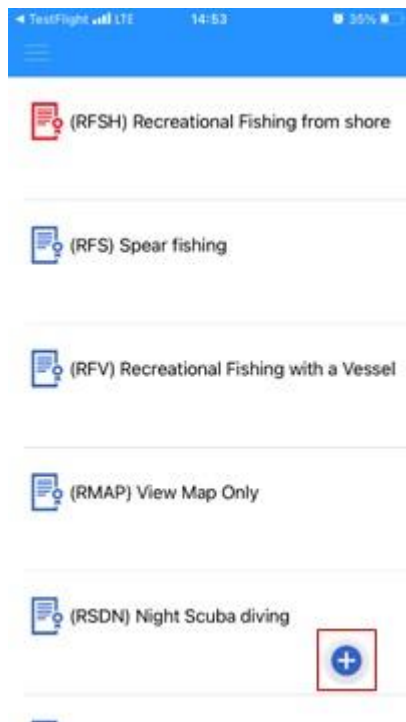

To insert your license, navigate to “Licences” from either menu:

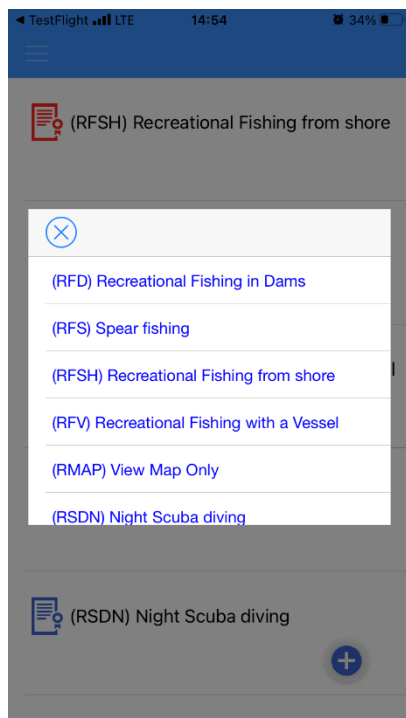

STEP 2

Select the «+» to add the license:

STEP 3

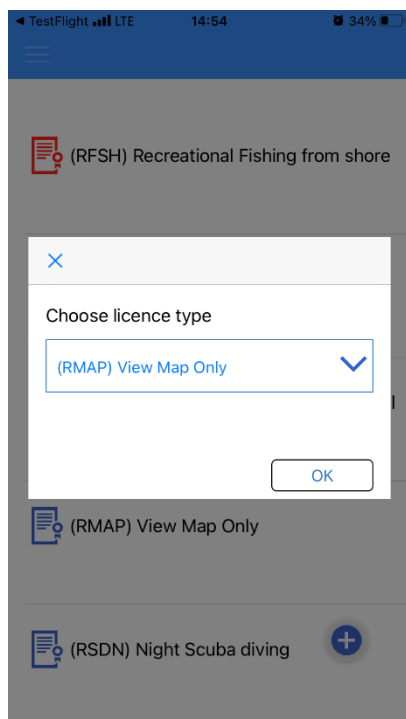

Select the type of your license:

STEP 4

Confirm your selection:

LICENSE DEACTIVATION

STEP 1

On the Licenses list, select the license you want to deactivate. The app will give you the option of License Deactivation:

STEP 2

Confirm the deactivation:

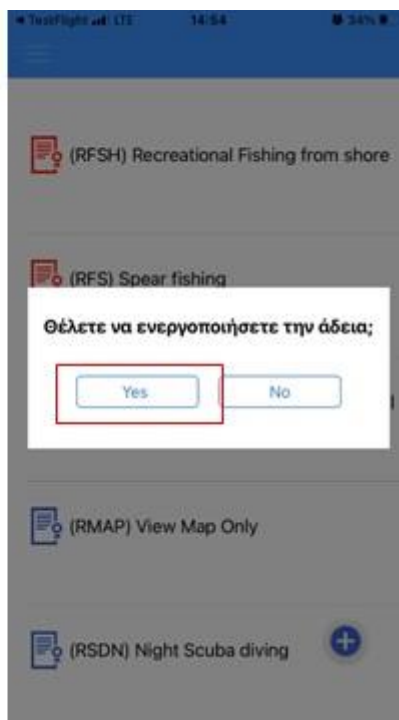

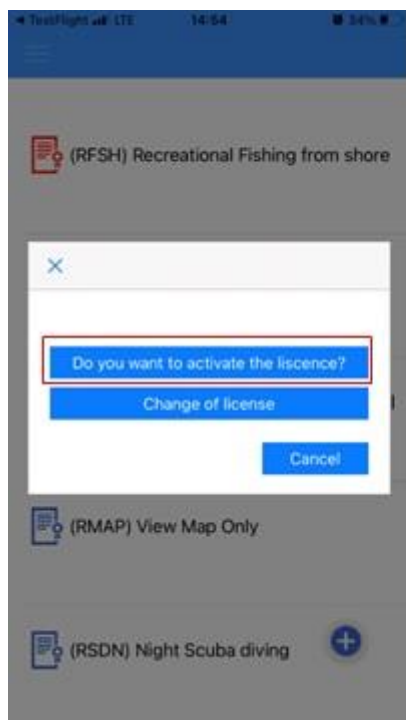

LICENSE REACTIVATION

STEP 1

On the licenses list, select the license you want to reactivate. The application will ask you for confirmation:

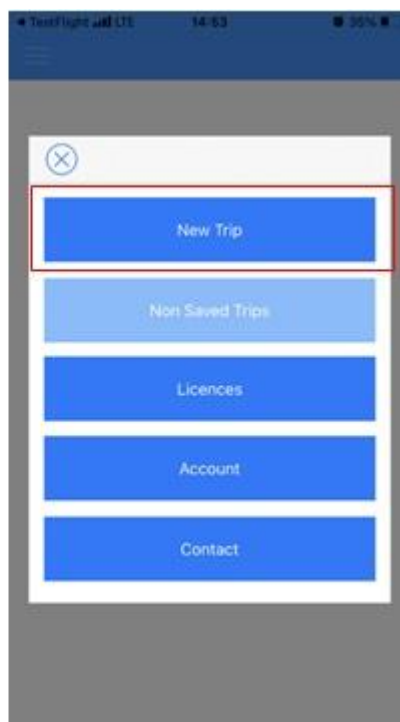

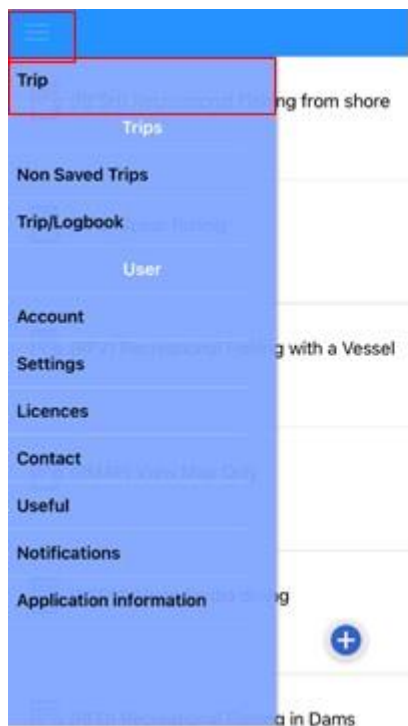

DAM TRIPS

NEW TRIP

STEP 1

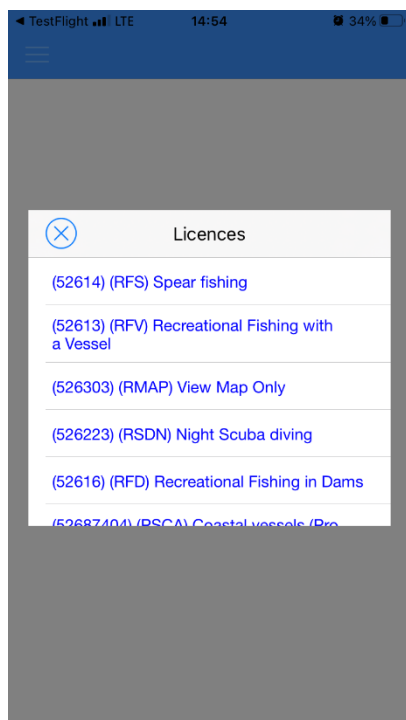

With your entry to the application, select “NEW TRIP” or navigate to the menu and select “TRIP”

STEP 2

To continue, you must already have declared your licenses. Select the appropriate license:

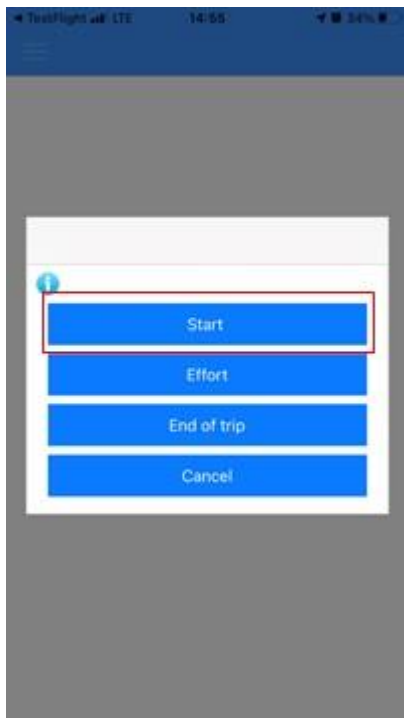

Note: According to the selected license, the application will provide the appropriate options (Fishing Activity, Landing, Sales, etc.)

STEP 3

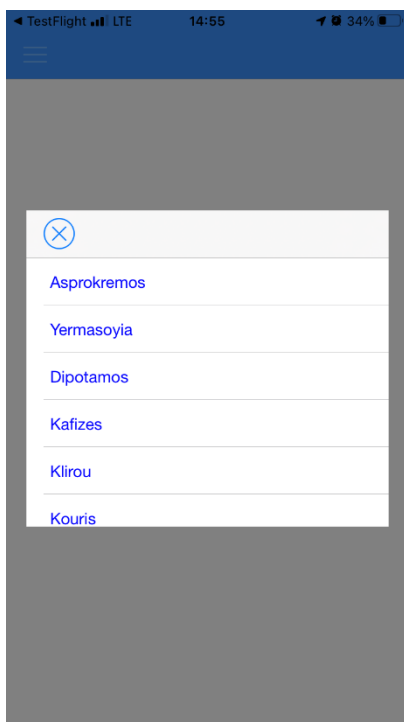

STEP 3.1

To begin your trip, select “START”:

STEP 3.2

Select your starting position:

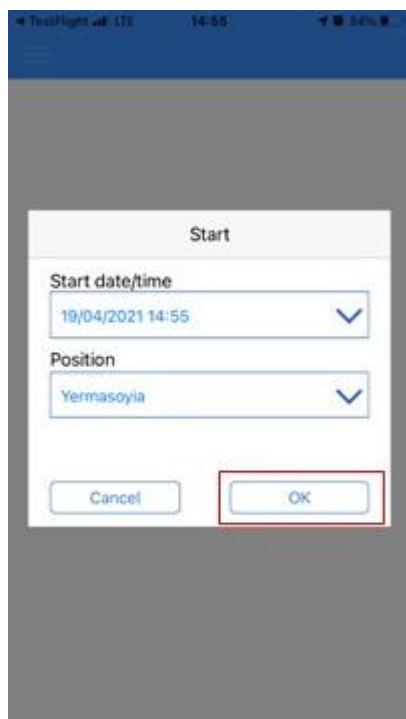

Note: In case of a mistake, you can repeat the Start procedure

STEP 3.3

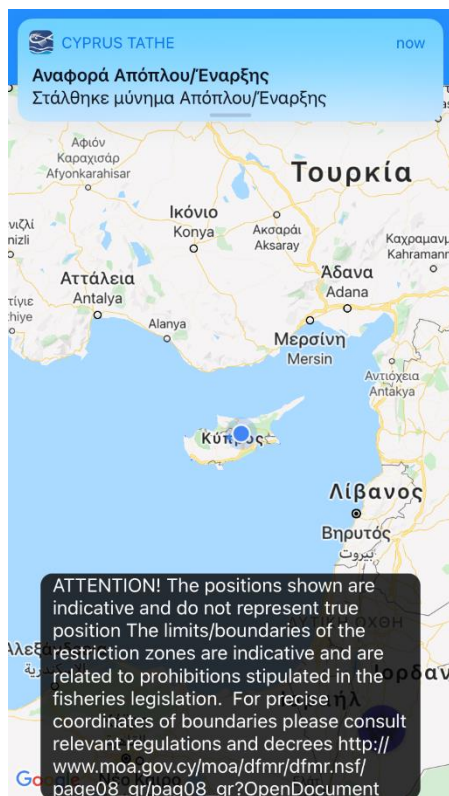

Confirm the date and time of your trip start. You can edit both:

Note: The date and time are the ones of your mobile device.

*The settings of each license may include “**Recording of the geographical location**” and/or “**Number of Persons**” who are actively involved in the Trip. Select and insert accordingly.*

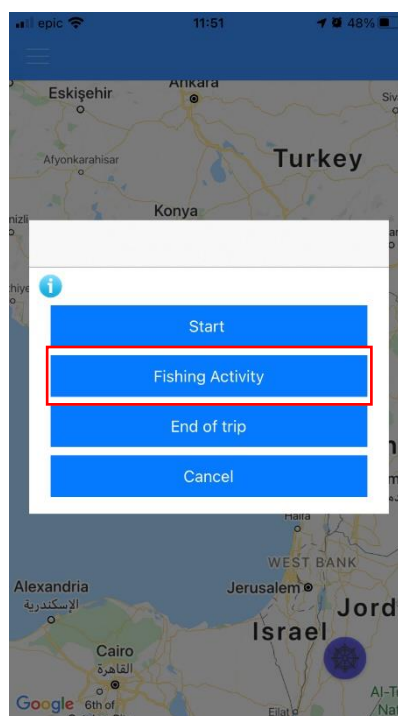

Once the start is confirmed, the application will send a departure message with your position:

STEP 4

FISHING ACTIVITY

To insert the effort details, select the icon on the right corner and then “EFFORT”:

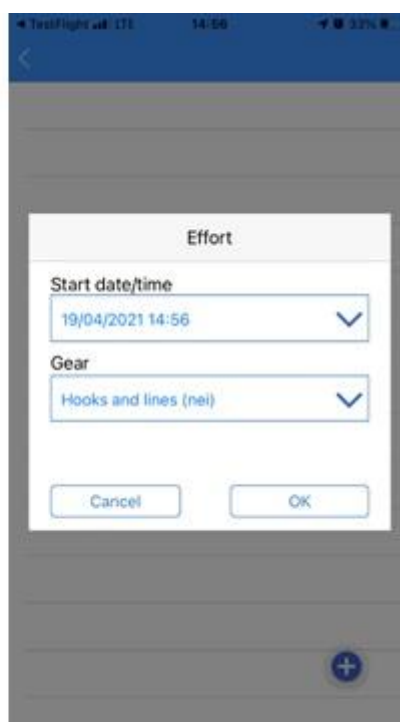

STEP 4.1

To insert a new Fishing Activity select «+»:

STEP 4.2
